The Research Institute for Development, Growth and Economics (RIDGE) and LACEA Political Economy Group (PEG) are pleased to announce a call for papers for the RIDGE/LACEA-PEG Workshop on Political Economy to be held in Montevideo, Uruguay, on May 24-25 2016. The deadline for submission is 15 February 2016.

The 2016 meeting will take place within the framework of the 2016 RIDGE May Forum along with the following workshops:

- Inequality and Poverty
- Human Capital, Education and Health

The Political Economy Group of LACEA has held annual meetings since 1998. As in previous years, the 2016 meeting aims to promote the discussion around the connection between economics and politics that is relevant for Latin American and Caribbean economies. The focus of the meeting will be on the connection between economics and political institutions broadly understood, including legislatures, courts, executives, political parties, elections, weakly institutionalized environments, the institutions of federalism and the workings of the public service. This year we also strongly encourage the submission of papers related to the political economy of crime and/or conflict.

The accepted contributions are expected to be relevant for understanding the most challenging problems of Latin America and Caribbean countries. This allows for papers addressing issues in other regions when those issues are deemed relevant to the Latin American context. Studies of specific Latin American countries, as well as comparative institutional analyses are also welcome. Both theoretical and empirical contributions are welcome. There will be a dedicated discussant for each paper, as well as open floor discussion.

The RIDGE Forums aim to favor the spread of high quality research in economics by bringing together top local and regional researchers working on the frontier of knowledge and policymakers. Participants to the four workshops are welcome to attend the other workshops.
