

2015 Workshop in International Economics and Finance  
March 12 to 13, 2015  
Antigua, Guatemala

The XVIII LACEA Workshop in International Economics and Finance will take place in Antigua, Guatemala, on March 12th and 13th, 2015, and will be hosted by the Bank of Guatemala. LACEA, IADB and The World Bank will provide the financial support to make the workshop possible.

The workshop is a unique event that brings together top researchers and policy makers from the North and the South to discuss recent theoretical and empirical advances in International Economics and Finance. The goal of the meeting is to gain a better understanding of the macroeconomic problems faced by Latin American countries and to encourage research on the subject. The program's format will be similar to that of our past meetings. We will discuss approximately ten academic papers in closed seminar style sessions and there will be some sessions of a less technical nature open to a broader audience.

CALL FOR PROPOSALS:

Papers must be submitted in English and in PDF format through this [link](#).

The deadline for submitting papers for this event is January 25, 2015.

The program will be posted on the workshop's web site [www.utdt.edu/ief-workshop](http://www.utdt.edu/ief-workshop) by February 9, 2015.

We welcome papers on International Economics, Macroeconomics and Finance that address issues of relevance for the economies of Latin America. The papers to be presented in the academic sessions will be selected by the program committee.
