### **Format**

The paper must be submitted in PDF format. The title page will be removed and replaced with a cover page. Please make sure the Introduction starts in a new page. The paper cannot exceed 70 pages, starting with the introduction page.

### **Revisions**

It is possible to submit one revised version of each working paper. Papers will keep their original working paper number, title, and date of publication in the series. Authors must be the same in both versions. To submit a revised version please send the new version in PDF to the same email address as above. Indicate the working paper number of the initial submission and any needed changes in the abstract, JEL classification, keywords, acknowledgements, and authors' affiliation or email address.

### **Guidelines and comments**

Papers may have been previously published in other Working Paper Series. Papers may not have been published in English in any journal, book or edited volume. Papers published at LACEA.WPS may subsequently be published anywhere.

Submissions will typically take between one and two weeks to process. Upon being published in LACEA.WPS, papers will be uploaded in RePEc (<http://repec.org>), in LACER.LACEA (<http://lacer.lacea.org>), and announced through Vox.Lacea (<http://www.vox.lacea.org>) and social media.

We strongly suggest that you perform proofreading and copyediting to your document before submitting. At the request of the Editor in chief of LACEA.WPS, the President or the Vice- President of LACEA, a Network head and/or an Executive Committee member may be required to make a posteriori revision of the academic quality of any paper published in LACEA.WPS. If deemed necessary on the basis of such revision, the Associate author of said paper may lose his/her privileges in LACEA.WPS.
