

## **XXI 2018 Workshop in International Economics and Finance**

The XXI 2018 Workshop in International Economics and Finance organized by Universidad Torcuato Di Tella, the World Bank LAC Chief Economist Office, the Inter-American Development Bank's Research Department, LACEA and the Bank of Mexico will be held in Mexico City on March 12 and 13, 2018.

The workshop is a unique event that brings together top researchers and policymakers from the North and the South to discuss recent theoretical and empirical advances in International Economics and Finance. The goal of the meeting is to gain a better understanding of the macroeconomic problems faced by Latin American countries and to encourage research on those subjects. We will discuss approximately ten academic papers in closed seminar-style sessions; some sessions of a less technical nature will be open to a broader audience.
