
Conference Scholarships for 2016

Dear friends and colleagues from the Latin American and Caribbean Environmental Economics Program (LACEEP) and the Latin American and the Caribbean Association of Environmental and Resource Economists (LACERE). We are happy to announce that we have a limited number of scholarships of up to \$900 to cover participation in conferences and workshops relevant to the field of environmental and development economics.

We strongly encourage you to apply if you have papers accepted for the AERE, EAERE and the BIOFIN conferences. Other similar events can also be considered.

Application:

To qualify for a grant you need to have an accepted paper in a conference and be a citizen of any country in Latin America or the Caribbean. Priority will be given to those of us actually living in the region.

For inquires and applications, please send an email to LACEEP (laceep@catie.ac.cr) including your name, current affiliation, the conference you plan to attend and proof of acceptance of your paper.

These scholarships will be available throughout the year, but please note we do have a limited number.
